Thx [REDACTED], and two more things if I may:

1. The person accused of killing Bambi WAS given to ICE and deported once before and that didn't prevent her being killed. :(
2. And speaking of where "future tragedies" may come from, the last I heard more than 90% of those in our custody were U.S. citizens.

So, no matter what laws may come or go, please take care to be as safe as you can every day and night.

Good night...M

Dear Mr. Wasserman,  
Thank you so very much for letting me know what happened. I share your frustration with this revelation. It doesn't seem plausible. And sadly may lead to yet another tragedy like the murder of Bambi Larson. However, I completely understand the lack of support for calling ICE under the circumstances you describe.

Crazy and long day today. We amended 3.54 as you wished. However, after two months and 141 pages of input, it was unanimously conveyed to our Board — and personally very frustrating for me to learn — that there was no way for us to confirm if a person in our custody is documented or not.

I found that very disappointing. Obviously there was no support from anyone for calling ICE to pick up someone we didn't know was a US citizen or not, so nothing was changed in that respect.....M

I am requesting the Board of Supervisors to amend County Policy 3.54 forbidding cooperation with federal authorities when a person

with no citizenship documentation has been convicted of a violent crime, has served their time, and is about to be released. I believe the Federal authorities should be notified of this persons crime and release date so decisions can be made about deporting the person out of the country.

I don't see this situation the same as those persons who are living and working in the County and who also do not have documents to support legal residence. I am in favor of continuing our sanctuary status for all undocumented people living in Santa Clara County and for those released from jail who committed minor, non violent offenses.

Thank you for your vote to amend County Policy 3.54.
